

Folding Stair Unit

Folding Stair & Safety Cage Unit

The folding stair and safety cage assembly provides safe access for the operator when moving between gantry and top of tanker.

The model shown includes a self contained hydraulic locking system to position the stair any position within operating range and spring balance assisted system preventing operator lifting strains.

- Mild Steel construction
- Anti-slip treads
- Safety Cage 1.2m x 1.4m
- Swiveling lever arms
- Hydraulic locking (self-contained system).
- Hot dipped galvanized finish
- ATEX approved.
